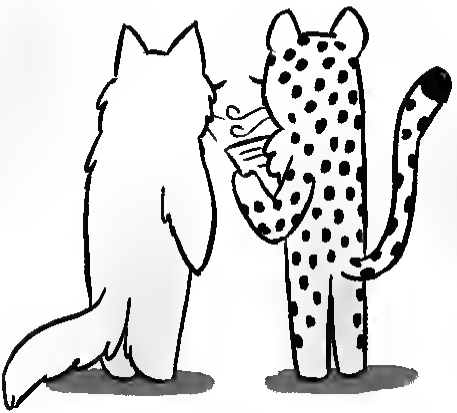
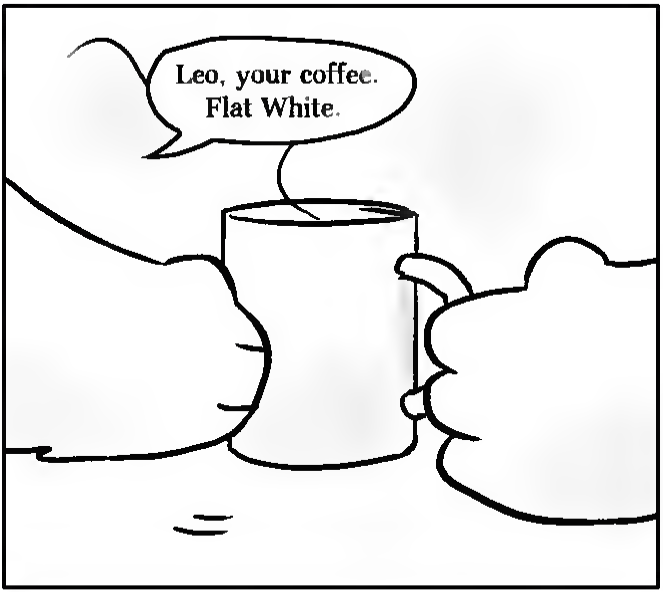
ROAR STREET JOURNAL

The Humble Employee





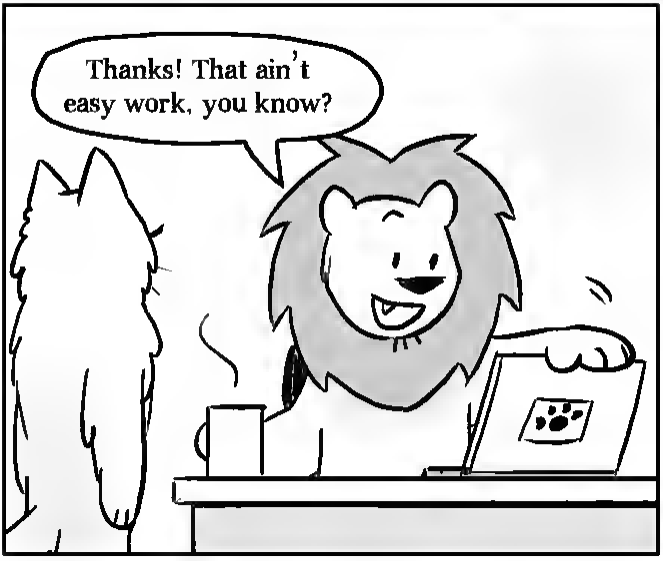
Leo, your coffee.
Flat White.

GLUG

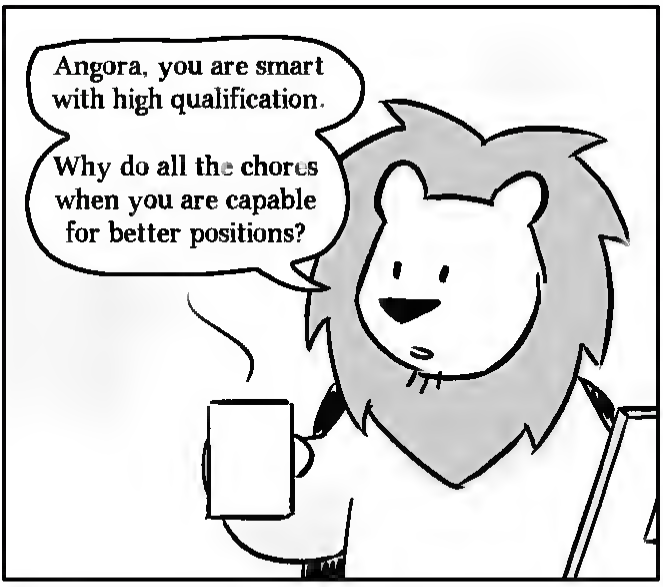
Ahhh, I'm alive!
You remember my favorite coffee!

Of course, coffee is essential to start your day's work.
How can I not memorize something so important?
Haha yeah!

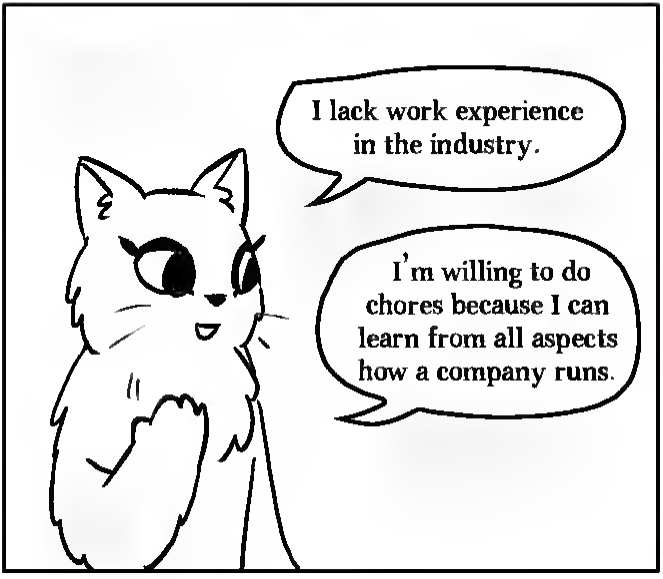
I really admire how you run Roar Street Journal so successfully.
You're a great leader.



Thanks! That ain't easy work, you know?

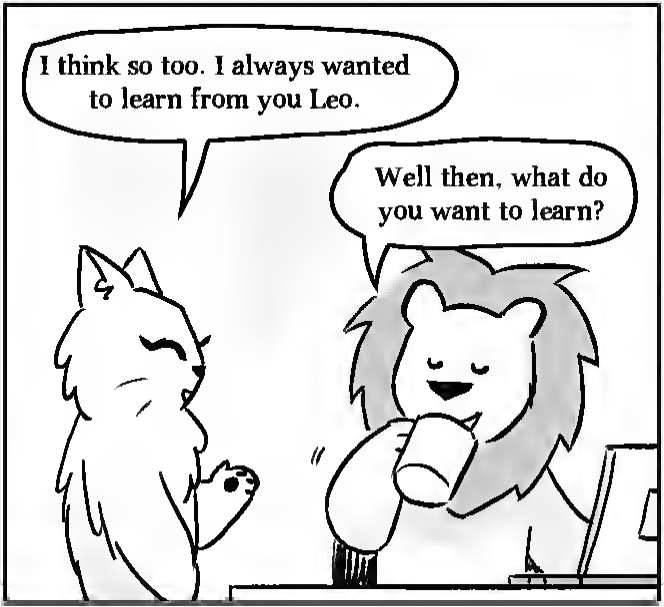


Angora, you are smart with high qualification.
Why do all the chores when you are capable for better positions?



I lack work experience in the industry.
I'm willing to do chores because I can learn from all aspects how a company runs.

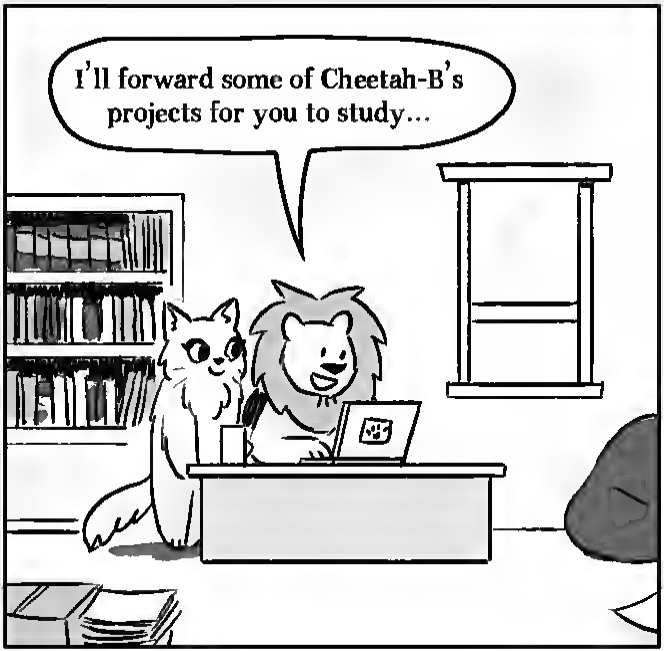
I like that attitude!
I'm sure you'll get a lot out of these several months of internship!



I think so too. I always wanted to learn from you Leo.
Well then, what do you want to learn?

...Can you tell me more about Cheetah-B's work?
She is so good in handling public relations, but I think she is too busy for me to ask her...

No problem, you can always ask me!
Thank you so mcuh!
She has a serious resting face, haha



I'll forward some of Cheetah-B's projects for you to study...

Excuse me...Cheetah-B, I've finished all the work you appointed.
Great job.

Anything else I can do?
Not much for now... Let me see...

How are you going?

We are doing great!

I will take a break and travel to UK with Foxiara.

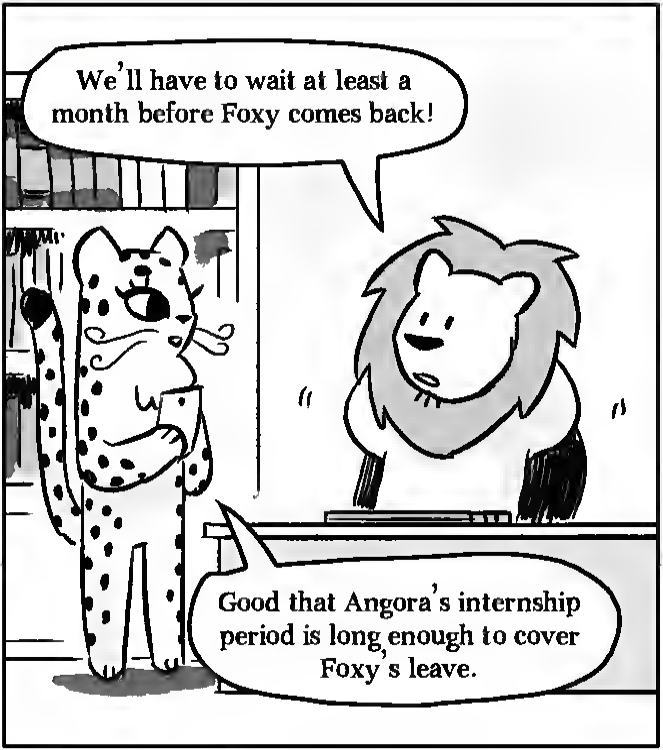
That's nice, have a good time and keep us updated.
See you later!



We'll have to wait at least a month before Foxy comes back!
Good that Angora's internship period is long enough to cover Foxy's leave.

What do you think about Angora so far?
She's great.
Smart, helpful and hardworking.

Yeah right? She's as capable as Foxy!
You were right about hiring her!
I told you so.

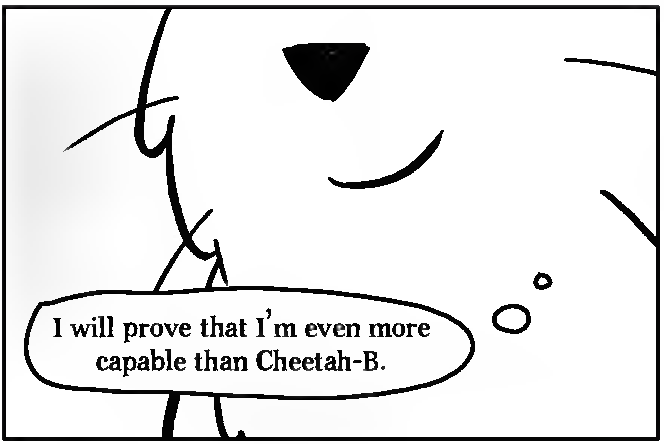
I'm far better than an office boy who doesn't even has a university degree.



I will prove that I'm even more capable than Cheetah-B.
